And What Have You

By BOB CRAIG

It seems obvious that a strong effort will be made in the next session of Congress to come up with a change in our Constitution to modify our method of selecting our president and vice president.

It goes without saying that no one wants to face the possibilities that this nation faced in the election just past. We were lucky in that we had a winner declared the day after voting. It could just as easily have been January before we had a president.

According to a recent Gallop Poll, the public seems to want to go to the popular vote method rather than modifying the Electoral College system. But even this system has many problems.

If we had used this method this year, it would have given us the same winner but it could have been a day later in coming. And then the winner would have had such a close margin of victory that this could have led to more problems. At least, in this case, the Electoral College served a good purpose—it declared a clear cut winner.

We do not see how you could go to the popular vote system without having a provision for a runoff. While we usually have races between the two major parties and no problem with no one getting a majority, this was not the case this year and it might not be the case in the future. Would we want to elect a man president with only 30 to 40 percent of the vote? We doubt it.

But, we do not know if the public would want two elections either.

Like so many things—the answer to this problem is not really as simple as it first seems.

If we had gone to the trouble of having a second election this year, would the results have been any different? We doubt if anyone knows.

The two problems with our present system is the possibility of the election going into the House and the possibility of the candidate with the highest popular vote losing the Electoral vote.

One possible solution to the problem might be in modifying the present Electoral College system.

While it might not solve all of the problems, it is possible that by breaking down the Electoral vote by Congressional Districts, and then allowing the two other votes to go for the state-wide winner, the Electoral vote and the popular vote would be kept closer and still provide a margin of victory for the candidate that carries the most states.

Probably if a winner was not declared by this method, then a second vote should be held rather than letting the decision be made by the House.

We believe that in most cases this would give us a clear cut winner without having a second election and at the same time pretty well express the will of the people.

It would not be too hard for some organization or committee with access to past records and a computer to determine how this would have worked in the past.

We simply find it foreign to our nature to elect a man to an office without him winning by some method or other—just being high man in a race does not seem to be enough. At one time we had this in special elections in the state but found that it was not very satisfactory and therefore changed it.

It is always amazing to look at how people vote on amendments. Some that you would think could pass without opposition fail and others that seem questionable pass without any trouble.

It appears that a large number of people never take the time to study the amendments ahead of time and then if in doubt they vote against. We could see it better if they just did not vote on the ones they fail to understand.

Pipers to End Season With Haskell Friday

The Pied Pipers will close out the football season Friday night when they travel to Haskell to meet the Indians. The Pipers will be trying to even up their season and take their third district win.

The Indians will be sporting a 6-2-1 season record going into the game and a 3-2-1 district slate. Last week while

the Pipers were falling to the Bulldogs, 28-7, the Indians were defeating the Anson Tigers, 15-7. In other district action, Ballinger downed Winters, 30-8, and Coleman dropped Merkel, 13-0.

Stamford and Ballinger will meet in Ballinger Friday night to decide the winner of 7-AA. Stamford will carry a 6-0 re-

cord into the game while Ballinger owns a 5-0-1 record. A win or a tie by the Bulldogs will put them into the playoffs while Ballinger must have a win to get there.

Coleman will close out its season at Winters and Anson will finish up at Merkel.

Coach Joe Youngblood said Monday that Gary Smith would miss the contest Friday night with a broken rib that was broken during the Stamford game. The balance of the squad is expected to be in pretty good shape for Friday.

The Indians rely heavily on the running of Charles Franklin, a 9.8 speedster and possess one of the top quarterbacks in the area in Lanny Ivy. Earlier in the season the Indians used a strong passing game but in their last three or four contests they have stayed on the ground most of the time.

THE FAMILY LAWYER

Secondhand Bargains

Buy a secondhand lawn mower from the man next door and, generally speaking, you take your own chances. If it falls apart sooner than you expected, you would have small chance of getting your money back—at least, in a court of law.

For in the eyes of the law, one ingredient of the typical second-hand purchase is the buyer's acceptance of extra risk. You pay less, not only because there is less wear left in the article but also because you don't get the implied assurances that come along with something new.

However, even in a secondhand purchase, you still have a certain degree of protection.

To begin with, you are entitled to know that the article is indeed secondhand. Consider this case:

A music dealer put a used piano, nicely polished, on display among his new pianos—and an unsuspecting woman bought it. When she discovered the instrument was secondhand, she sued the dealer for deceiving her.

"I told her no lies," he protested in court. "She just failed to ask me whether the piano was new."

But the court ruled in the woman's favor. The judge said the dealer had an affirmative duty to clear up a misunderstanding for which he himself was to blame.

Besides information that the merchandise is used, you are entitled also to a fair description of its identity. Thus:

A man who bought a "1964 Ford," which turned out to be a 1963 Ford, won damages in court—despite the fact that he had bought the car "as is." The court decided that "as is" does not include "as isn't."

Where does the law draw the line between "new" and "used?" In one case an appliance dealer insisted that the TV set he had sold as "new" really was new, even though he had already repossessed it from an earlier purchaser.

"It was new," he explained in court, "in the sense that it was this year's model."

But the court held the second sale invalid because, to the average customer, "new" means never-before-used.

In short, even in secondhand transactions the law fixes a basic standard of fair dealing.

"Honest men need not fear it," said one judge; "dishonest men should fear it."

SEWING MACHINE ARTISTRY—Stitch a pretty picture to hang on your wall or give for Christmas. This unusual hanging of cotton homespun was created by Talon's Department of Design with single fold bias tape and mercerized cotton thread. Flower centers are thread pompons, and the bowl and leaves are outlined and shaded on the machine with free-motion stitching.

Stitch A Picture For Holiday Giving

You can be artistic with your sewing machine and create a wall-hanging that's handsome enough to give for Christmas or put in the holiday bazaar.

The basic design is done with free-motion machine stitching which requires no attachments. Strips of cotton bias tape and fluffy pompons made from cotton thread complete the picture.

To make the hanging, cut two 20 x 21-inch rectangles from cotton homespun. Across the top of these pieces, cut out four 2 x 3-inch sections evenly spaced. These will form loops for the rods.

On right side of one fabric piece, sketch flower arrangement design. The bowl and leaves are outlined and shaded with free-motion stitching.

To adjust your machine for free-stitching, set stitch regulator in neutral position; remove presser foot, and lower feed dog. Clamp fabric in an embroidery hoop, centering portion to be stitched in the hoop.

Each time you begin to sew, draw bobbin thread through fabric. Hold thread ends, lower presser bar and needle into fabric, and then stitch slowly at an even rate while moving hoop back and forth. Coordinate machine speed with movement of hoop. This method allows stitching to be made in any direction—in straight or curved lines.

Flower stems are made from single-fold cotton bias tape. Fold tape in half, wrong sides together, and pin into position. Blind-stitch stems to fabric. Flower petals also are made from single-fold tape. For each petal, cut a 1 1/2-inch strip of tape and press bottom fold out flat. Hold tape horizontally, wrong side towards you, and overlap folded edges to form a cone. Gather bottom raw edges and secure stitches. Arrange five petals at end of each stem to form flower, and sew in place.

Flower pompon centers are made from cotton mercerized thread. One spool makes two centers.

Before making pompons, cut about 40 inches of thread from spool and fold in half repeatedly for pompon ties. Then slash spool lengthwise with a razor blade, cutting through all layers of thread. Remove thread from spool in one complete section and tie securely one-half inch from each end. Cut between ties, fluff threads, and sew in center of flowers.

Complete wall-hanging by facing the two fabric pieces. Place right sides together and stitch a half-inch seam around edges, leaving a six-inch opening on one side. Turn to right side through opening and press. Slip stitch opening closed. Form rod loops by folding down extensions at top edge and hand-stitching in place.

LOUISA'S LETTER

Dear Louisa,

My sister married a man who is attractive, a good provider and a good man, morally, but he refuses to accept his responsibilities as a husband and father. She has to see about the kids, make all the decisions concerning the children, pick them up at night when they attend a party, take them to the doctor's and dentist's offices, etc., etc. He seems to think that furnishing the money is his only responsibility. If the children are in a play or concert, he is either too busy to attend or out of town. The worst part of all this is that he brings them lovely presents and the children seem to love him much more than they do their mother.

What do you think she can do about this?

Sister—Conn.

Answer:

Perhaps your sister doesn't object to the situation. There are some women who would be glad to be safe financially. But the real losers in this setup are the father and the children. Children need a father image of a man who is not only the head of his family but one who works with his wife for their best interests. If there are girls in the family, they will get the idea that wives must dominate and if there are boys in the family they will grow up to resent women and probably become husbands who live with a chip on their shoulder as to any suggestions made by women in the family.

It is a pity that some men can never realize that marriage is a partnership and that there are adjustments to be made by both parents and responsibilities.

Mr. and Mrs. Guadalupe M. Alaniz of Sweetwater are parents of a boy, Alfonso, born Nov. 6 at 10:53 a.m. He weighed 7 lbs. 1 oz.

TV COMMENTARY

LEE J. COBB has returned to his first love—the theater on Broadway—after fifteen years of acting in the movies and on T.V. He achieved stardom on the stage as Willy Loman in "Death of a Salesman."

FLORENCE HENDERSON and Robert Reed are scheduled to appear in a new series entitled "The Brady Bunch." The story is that of a widow with three daughters who marries a widower with three sons.

THE SKI CHAMPION, Jean-Claude Kelly will start his thirteen week series over CBS on January the 5th.

WE WERE ENTERTAINED on November the 2nd when Edgar Bergen appeared on the "Jackie Gleason Show" with his wooden companion, Charley. We had really forgotten how clever this act could be but we found it most amusing.

ON NOVEMBER THE 17th and the 24th a two part program "Discovery" will show pictures of the country and people of Finland.

MIKE DOUGLAS and Pess Myerson will be host and host-

ess when the "Tournament of Roses Parade" takes place on New Year's Day in Pasadena, California.

AN UNUSUAL PROGRAM and one that had many amusing skits was that of "The Family". Henry Fonda was the narrator and introduced situations of family life portrayed by Dick Van Dyke, Cara Williams, Ben Blocker, Paul Lynde and a number of other good actors.

Bernice Cork of McKinney visited with her parents, Mr. and Mrs. Bill Cork, and was

here for the couple's 22nd wedding anniversary dinner Saturday evening in the home of a son and his wife, Mr. and Mrs. James Cork. Other visitors included Elgin Baldwin, Alberta Baldwin, athy Donnelle, and Virginia Ann, all of Abilene.

FROM THE FILES . . .

FIFTY-ONE YEARS AGO (NOVEMBER 16, 1917)
Mail service by air route between points in Texas is now under consideration and will probably be in operation before many months, according to a statement made in Fort Worth by Major Gen. Squier, chief signal officer of the United States Army.

The possibility that the first increment of the National Army will not be sent to France for at least six months loomed large today when it became known that the allies' demands for food, coal, and iron are so strong to forecast use of available ocean tonnage for their transportation instead of for troops.

A decision on the question will rest largely on reports expected soon from the American mission now abroad and on figures being assembled by Food Administrator Hoover to show the amount of grain and other products available for export in the United States and South American countries. Indications are that the food administration believes the food situation, particularly in England, France, and Italy, will force the United States to use its ships to send food instead of soldiers. Plans for the second draft would be affected by the postponement of the removal of the first increment from camps.

TWENTY-FIVE YEARS AGO (NOVEMBER 12, 1943)

Billie Gray, chairman of the Hitson Victory Club and War Fund Drive, reported that his community went \$51.77 over their quota of \$100. They had an old fashioned box supper and raised the \$151.77. One box went for \$16.50 and one pie brought \$9.00, he reported.

Hamlin community, with Mayor Joe Culbertson as chairman for the United War Chest Fund, will start Tuesday, November 16, to raise its part of the Jones County quota of \$11,579. Hamlin's part is \$1,750.

Last Friday night on the home field, Hamlin High footballers beat the Aspermont team by a decisive score, 33 to 0.

Friday night, Nov. 12, the Mt. Zion church will have two visiting ministers. District Supt. of the

Nazarene church, Rev. W. B. Walker and Rev. W. A. Wyman, who recently returned from Peru.

The Woman's Literary Club met Friday in the home of Mrs. Henry Albritton.

Mrs. R. D. Moore, treasurer, reported enough money to buy another \$100 war bond. She was instructed to do so.

Mrs. Bowen Pope was director of a very interesting program on international relations. She gave a paper on "Can the U. S. Have Peace After the War?" Mrs. Wallace Walton brought a paper on "How Strong is Japan?" There were 27 members present.

The Hamlin Garden Club met Friday afternoon, Oct. 15, at the Harden Hotel, with Mrs. D. D. Harden as hostess.

Cpl. Weldon J. Hudson from Camp Beale, Calif., is here on a fifteen days furlough with his mother and other relatives.

TEN YEARS AGO (NOVEMBER 13, 1958)

Pied Piper Booster Club will sponsor a caravan of fans to the county seat Friday night for the final game of the year between Anson and Hamlin, it is announced by Duane Stallcup, president of the booster group.

All football fans are requested to meet in front of the high school not later than 6:30 to have their cars decorated by girls of the high school Pep Squad.

Ginger Rabjohn, daughter of Mr. and Mrs. G. H. Rabjohn, was named Pied Piper Band Sweetheart Friday evening.

Stamford clinches District 6-AA grid crown with victory over Pied Pipers, 47 to 12.

Hamlin marked up a tally in the third period when Robert Brandon took a pass and streaked 11 yards for a touchdown.

Hamlin completed the scoring in the fourth quarter on a 42-yard brother-to-brother pass when Ed Shields flipped to Tobe Shields and carried to the six-yard spot, then

Sam Hodges plunged over for the score.

QUARTERLY REPORT OF JONES COUNTY TREASURER

On October 31, 1968, the Commissioners Court met in regular session compared and examined the report of L. R. Winkels, Jr., Jones County Treasurer, for the quarter ending September 30, 1968 and found to be correct, and the amount received and paid out to be correct since the preceding report.

It is no Secret...

One of the great joys that children have is in telling a secret. This is one way that secrets have of becoming known.

However IT IS NO SECRET what God

can do for you. This was never intended to be a secret, for God wants all to know the good news.

Isaiah said: "The Lord hath anointed me to preach good tidings ... to proclaim the acceptable year of the Lord." Attend church regularly and hear God's word preached.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

As the second six weeks come to an end, HHS students once again prepare for exams. Each student recalls the previous week's studies through his own pattern of study.

Football season will soon come to an end. Students are already preparing for the upcoming basketball season. The Pipers journey to Haskell for their last game this Friday. Although the Pipers fell to the Stamford Bulldogs last Friday, 28-7, they will be back with extra spirit to down the Indians.

Hamlin Jr. Varsity will host the Stamford Jr. Varsity tonight. The game will begin at 7:30.

The final climax of football season will come with the annual football banquet to be held November 21. Football Sweetheart and Hero will be revealed.

The Piper Band will

participate in the U. I. L. marching contest Saturday at Odessa. The band has spent many hours of practicing and marching preparing for this event.

Last Saturday, the Hamlin Student Council hosted the 18th annual district meeting. Some 185 students and sponsors attended, representing the 19 schools. Theme for the meeting was "Learners Tomorrow - Leaders Tomorrow." Hamlin was elected vice-president for next year. Coach Merrill Green of Cooper spoke to the assembly. Hamlin Student Council sponsors are Milburn Wink and Mrs. Joe Youngblood.

Wednesday, several FFA members participated in the Stamford FFA District Leadership Contest. The contest was held at Aspermont. Hamlin entered in three divisions, Senior Chapter Conducting team, Junior Chapter Conducting team, and FFA Quiz.

Pipers Take Early Lead But Fall To Stamford Bulldogs Friday, 28-7

A 75 yard punt return by Robert Bolden gave the Pipers an early first quarter lead over the Stamford Bulldogs Friday night only to see the lead disappear later in the same quarter and the Bulldogs go on to win 28-7.

Bolden ended a first quarter punting duel between Hamlin's Charlie Shira and Stamford's Rene Alvarez when he fielded Alvarez's punt on his own 25 and broke out of the wall at midfield and out raced the Bulldogs to the goal line. Quarterback James Asher kicked the point-after to put the Pipers out in front 7-0.

The Piper lead was short lived however as the Bulldogs drove 65 yards to score following the kickoff. The night's leading ground gainer, Paul Vasquez, scored from two yards out, going over his left guard. Alvarez tied the score with his kick. Vasquez picked up 164 yards in 23 carries for the night.

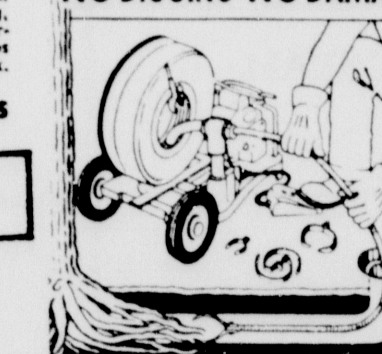

The Bulldogs took a short punt in the second quarter and drove from the Hamlin 40 to pay dirt in nine plays with Eddie Wilson scoring. Alvarez kicked the point-after.

HAMLIN, TEXAS

AUSTIN — General election day was a rocky one for statewide Democratic contenders.

Not only did Texas endorse liberal presidential candidate Hubert Humphrey, but also all statewide Democratic standard bearers. No incumbent congressmen lost their jobs and the partisan lineup in the state legislature remained just the way it is.

Preston Smith of Lubbock won the gubernatorial race with about 57 per cent of the votes over his opponent and first-time candidate GOP'er Paul Eggers of Wichita Falls.

Ben Barnes, 30, of DeLeon will become the youngest lieutenant governor in history by virtue of his overwhelming triumph over Republican Doug DeCluit of Waco. Barnes was the top statewide vote-getter on the ballot.

All incumbent statewide officials seeking re-election won handily.

In congressional races, three Republicans seeking new terms had no great trouble, but none of their colleagues seeking to unseat incumbent Democrats was successful. Congressional lineup remains 20 Democrats to three Republicans.

Eight Republican state House members were elected — four incumbents, four newcomers. Three incumbent GOPers were defeated. Two GOP state senators were re-elected. Lineup remains 142 Democrats to eight Republicans in the House, 29 Democrats to two GOPs in the Senate.

Boasting that no other state can compare with Texas "regarding its support of, loyalty to or victory for the Democratic party," former State Democratic Committee Chairman Will D. Davis observed: Texas is the most populous state to have a Democratic governor and only one of 10 largest to have solid statewide Democratic administration.

Texas was the only one in the southern and southwestern regions to give Humphrey plurality; and only Texas,

Washington and Hawaii west of the Mississippi voted for the Democratic presidential nominee.

MOST AMENDMENTS DEFEATED — Voters showed they are in an economy frame of mind in their decisions on 14 proposed state constitutional amendments.

They voted November 5 to cut out the state property tax, but they refused to go along with raising the state's public welfare ceiling from \$60 million to \$75 million a year or to increase legislators salaries from \$4,800 to \$8,400 annually.

Approved were changes in state employees' pension system, university fund investment liberalization, removal of the \$504 a year ceiling on contributions to teacher pensions, wiping out the property tax and clarification of a legislator's eligibility to run for other office by virtue of the termination date of his elective term.

Texasans turned thumbs down on tax exemptions for warehouse-stored property. El Paso local governmental consolidations, Dallas road bonds, tax aid for Texarkana tobacco merchants, state contract changes, tax benefits for anti-pollution equipment purchasers and industrial bond issues.

NEW JOBS ANNOUNCED Gov.-elect Preston Smith announced as his first staff selection James P. Oliver, formerly of Caldwell, to serve as executive budget director after the new administration takes over in January. Oliver currently serves as assistant director of the Legislative Budget Board.

Walter N. Corrigan of San Antonio is new chairman of Texas Research League. C. I. Wall of Amarillo is vice-chairman, and Grogan Lord of Georgetown was renamed secretary-treasurer.

C. C. Miller of Dallas is chairman of University Interscholastic League Legislative Council and B. E. McCollum of Fort Neches is vice-chairman.

Glenn Biggs, formerly of Abilene and one-time execu-

tive assistant to House Speaker Barnes, has been appointed president of National Western Life Insurance Company.

HILL - BURTON FUND APPROVED — Forty-two applications received allocations of \$15,198,504 in federal Hill-Burton hospital construction-modernization funds through State Board of Health.

Biggest allocations of \$1 million each went to hospital in Houston, San Antonio, Dallas, Bonham, Irving and Fort Worth. Memorial Hospital of Uvalde received two grants totalling \$865,000. Atlantic City Hospital received \$900,000; Brownfield's Terry Hospital District \$650,000; Hotel Dieu of El Paso \$885,500; Johnson City Hospital \$390,000; Highland General of Pampa \$321,119; St. Joseph's of El Paso \$594,313; Seton of

Austin \$375,000; Denison Memorial \$210,000; Newton County Memorial \$320,350; and Mornside Manor (home for aged), San Antonio \$700,000.

Smaller amounts went to facilities in Waco, Lone Star, Jacksonville, Floresville, Hempstead, El Paso, Robert Lee, Coleman, Sterling City, Midland, Greenville, Corpus Christi, Wichita Falls, Dallas, Houston and Fort Worth.

Hill-Burton funds pay up to half of the cost of construction-modernization work.

TEXAS GETS RECREATION FUNDS — Texas is due to get \$1.7 million of \$45.7 million in funds for acquisition and development of outdoor recreation facilities approved by Bureau of Outdoor Recreation, U. S. Department of Interior.

Neinda Philosopher Takes A New Slant On the High Cost of Running for Public Office

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One adds a final note to the recent campaigns.

Dear editor:

Sifting through a stack of

newspaper printed before the election and dumped in a ditch near my house I was looking for something to read besides out-dated campaign oratory and yesterday's claims of victory that didn't pan out

when I ran across an article on the cost of running for office.

According to it, the politicians, from the local level to the White House, spent around \$300,000,000 running for office this year.

Now a lot of people say that's too much, that it doesn't make sense to spend say a million dollars seeking a job that pays \$25,000 a year, or 20 million for a job that pays \$100,000.

But take that \$300,000,000. It sounds like a lot of money, but did you know that if the 200 million people in this country went out to dinner tonight and ate \$1.50 worth apiece, not including the tip, it'd amount to \$300,000,000?

Show me the candidate that's not worth at least \$150. Running for office is sort of like raising children. It used to be that there was a profit in a kid, he made a good farm hand free of charge from sunup to sundown from the time he was 6 until he got big enough to catch on and pick up and move to the city.

Nowadays, though, there's very little profit in say a Congressman's or a Senator's or a Governor's salary, yet people keep on running for the jobs.

It leads you to believe that there are other returns from the office than the salary, although maybe not altogether in the same category as the returns from raising kids.

On the whole though I'd say the level of the current crop of politicians is about the same as the current crop of kids, or their parents or their grandparents.

Let's face it, it's all we've got to work with.

Yours faithfully,
J. A.

NEWS FROM ...

Old Glory

By JUDY WHITE

Last weekend found us at that season of the year again when many of the people in this community head for the woods for deer hunting or quail. Reports of how lucky they were have not reached us at this time.

Rain here last Friday morning was light again. Only .30 inch. Snow that fell in nearby areas missed us completely.

Remember Friday night, November 15, is the date for the Queen Coronation ceremonies at the Old Glory School cafeteria.

Eddie Jones has been appointed the new trustee for Old Glory School. He replaces Oren Baldree who resigned recently.

VARIETY CLUB

The Variety Club met November 4 in the home of Mrs. Garrett Spitzer for election of officers for 1969. Those elected were Mrs. Charlie Letz, president; Mrs. Lynn Flowers, vice president; Mrs. E. H. Diers, secretary-treasurer; Mrs. Beno Hertenberger, reporter; and Mrs. Flowers, devotional leader. Nine members were present and after the business meeting the group enjoyed games of "84".

The next meeting will be on Nov. 26 in the home of Mrs. Bill Tipton.

Visitors in the Lynn Flowers home last Thursday night were Mr. and Mrs. Joe Hudspeth from Hamlin.

Mr. and Mrs. John Burrow from Friona were here last weekend visiting Mr. and Mrs. Jeffrey Woffard, Mr. and Mrs. Travis Bell and Mr. and Mrs. R. O. Gibson, Sr.

Mr. and Mrs. Charlie Letz visited their daughter and family, the Jerry Callicottates in Midland recently. The Callicottates have recently moved from Monahans to Midland.

Mrs. Hertha Mischer is here this week visiting with Mrs. Adele Dudensing, Mrs. W. G. Wienke, Mrs. Tillie Dippel and other relatives and friends.
